The list of the *Common Services Centre* is available on website - <http://www.csc.gov.in>.

Chapter 13: Queries and Resolutions

Introduction

One of the biggest efforts of the **NTA** will be to provide upto date information to the aspirant candidates at the earliest and in the easiest manner.

It is believes that if candidates have correct information, they can submit their application form for **NEET (UG) - 2019** without any problem. **NTA** has made the following efforts to provide the desired information to the candidates:-

- **NEET (UG) - 2019 Website**

Website has been made informative and user friendly so that any candidate can explore the website for easy access of information.

- **Information Bulletin**

Information Bulletin has been developed chapter wise so that all related information is available at one place.

- **Frequently Asked Questions**

Frequently Asked Questions (FAQs) have been hosted on website. These have been prepared based on the previous years' experience on the queries raised by the candidates and also based on new information for **NEET (UG) - 2019**.

- **Replica of the Application Form on Website**

Replica of the Application Form has been developed and a link has been given on website with a view that all the candidates before submission of application form will go through the replica, gather the desired information and then submit their application form. This Replica is exactly the same as a candidate will see at the time of submission of application form.

- **Instructions at the time of submission of Application Form**

A modern method has been used to develop the application of **NEET (UG) -2019** in which candidate will be guided at each step regarding information is to be given. Following the online instructions, application can be submitted correctly.

However, it has been observed that despite the above efforts, few candidates do not adhere to the instructions given by **NTA** which leads to incorrect submission of application form. Thereafter, candidates request the **NTA** to rectify the mistake committed by them. **This can be done only at a later stage after the submission of the Application Form when the windows for correction in all field will be open.**

The submission of application has further been upgraded in which candidate can save the draft of application and once, they are certain that information given is correct, application can be submitted by them finally.
